

GET INVOLVED REDISTRICTING 2021

THE PEOPLE ARE THE CITY

The City of Palm Springs is engaging in extensive community outreach and holding several public hearings and community engagement workshops to receive input on how Council district boundaries might be adjusted after the 2020 U.S. Census. We need your input on communities of interest information to respect the boundaries of your communities during the redistricting process. Examples of communities of interest include shared geographic, socio-economic, and cultural interests. We will also provide tools and resources so that you can develop and submit your own proposed district map for consideration by the City Council.

The City Council's work will be in two phases:

Phase I

November 2021 through January 27, 2022
Identifying Communities of Interest
& Developing District Boundary Maps

Phase II

February 10 through March 24, 2022
Refining and Adopting a Final District
Boundary Map
